

OSEN: Building a community-driven tech ecosystem

Supporting hackathons, workshops, and innovation through partnerships
and resources

Must Share your Experience with Us 🔥

Share your Hackathon experience

- How was the environment?
- What did you learn?
- Whom did you meet?
- Your overall experience from the Hackathon & Workshops

And Don't Forget to tag OSEN

and attach workshop photos and community which is organising this event.

About OSEN tech Community

A growing tech
community
empowering students,
developers, and
builders across
campuses.

Event and Partnerships

Facilitating various
community gatherings and
workshops

Technical Learning

We provide resources and opportunities for
skill development and knowledge sharing.

Community building

Fostering connections within
the open source ecosystem

Collaborative Growth

We create environments where
members can work together
and expand their networks.

What OSEN do?

OSEN is a community initiative supporting tech innovation through various means.

Empowering students, developers, and builders across campuses

Bridges the gap between industry professionals and campus talent

Our vision for the future

OSEN aims to expand its impact through strategic initiatives.

01

Knowledge sharing

Organizing consistent Web3 focused meetups and workshops to foster learning and innovation.

02

Community building

Strengthening collaborations with developer communities to create broader impact.

03

Educational expansion

Extending hackathon support to more educational institutions while building sustainable ecosystems for students.

Join our community

Become part of OSEN to access opportunities for collaboration and connect with peers in the tech ecosystem.
